	Fund, there is a risk that Holders may not be able to buy or sell at a price close to the NAV.	
	You are exposed to risk linked to the countries in which the Fund invests or is exposed to	
	o Investment of the Fund in Latin America or its exposure to those markets mean that the NAV of the Fund and its trading prices will be affected by movements or downturns in those markets.	
	o Exposure to Latin America markets (which are emerging markets) may entail a greater risk of potential loss than investments or exposure to developed markets.	
	Liquidity Risks	
•	Units can be redeemed at NAV only through Participating Dealers	
	o Investors who wish to redeem their Units at NAV must approach a Participating Dealer to apply to the Manager to redeem the Units on their behalf. If they approach a broker or dealer who is not a Participating Dealer, that broker or dealer will have to place redemption orders through a Participating Dealer. In such a case there may be additional charges to such investor.	
•	o There is a minimum amount of EUR 100,000 for redemption of Units in cash being imposed by the Fund on a Participating Dealer.	
•	The secondary market may be illiquid ○ You can sell your Units on the SGX-ST. However, you may not be able to find a	
	buyer on the SGX-ST when you wish to sell your Units. While the Fund intends to appoint at least one market maker to assist in creating liquidity for investors, liquidity is not guaranteed and trading of Units on the SGX-ST may be suspended in various situations.	
	<ul> <li>If the Units are delisted from the SGX-ST or if the CDP is no longer able to act as the depository for the Units listed on the SGX-ST, the Units in the investors' securities accounts with the CDP or held by the CDP may be repurchased (compulsorily or otherwise) by the designated Market Maker or otherwise at a price calculated by reference to the NAV of the Fund calculated as of a certain number of day(s) following the last trading day of the Fund on the SGX-ST (or such other day as may be determined by the Manager in consultation with the SGX-ST and/or the</li> </ul>	
	CDP).	
	Product-Specific Risks	
	You are exposed to counterparty risk related to the swap agreement(s) entered	
	<ul> <li>into by the Fund and risks relating to swap agreement(s)</li> <li>The Fund currently enters into swap agreement(s) with a swap counterparty. There is a risk that the swap counterparty may default on its obligations under the swap agreement(s) which may cause the Fund to incur significant losses. However the Fund is subject to a maximum single counterparty risk exposure of 10% of its NAV per counterparty under the UCITS directive.</li> </ul>	
	○ If the swap counterparty defaults on its obligations, the NAV of the Fund may be	
	adversely affected by fluctuations in the Basket of Balance Sheet Assets (which may not comprise shares that make up the Benchmark Index) during the period where an alternative swap counterparty is being sought for the Fund.
