

KEY INVESTOR INFORMATION

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

LYXOR UCITS ETF DAX (the "Fund")

ISIN: LU0252633754 - A sub-fund of the investment company named MULTI-UNITS LUXEMBOURG (the "Company") domiciled in LUXEMBOURG Managed by Lyxor Asset Management Luxembourg ("LAM LUX")

Objectives and investment policy

The investment objective is to track both the upward and downward evolution of the DAX Index (Bloomberg code: DAX) ("Benchmark Index"), representative of the largest and most actively traded German companies that are listed on the Frankfurt Stock Exchange.

The Fund seeks to achieve its objective by (i) entering into an over-the-counter swap contract (financial derivative instrument, the "FDI") and (ii) investing in a diversified portfolio of international equities, whose performance will be exchanged against the performance of the Benchmark Index via the swap contract.

The Fund is eligible to the French Equity Saving Scheme (PEA), and as consequence, a minimum of 75% of the Fund assets are invested in diversified equities issued in the European Union.

The share currency is the Euro.

- **Invested financial instruments:** FDI, international equities, UCITS Funds, other financial instruments.
- **Dividend policy:** The Fund reinvests its income.
- **Net Asset Value** is daily calculated providing that the relevant stock exchanges are open for trading and orders can be covered.

Investors are able to redeem their shares on the primary market every valuation day before 17:00 CET and sell their shares on the secondary market at any time during trading hours on the Fund listing places.

Risk and reward profile

The risk category mentioned above is based on historical data and is not representative of future categorization. As a result, this risk estimation may not be a reliable indicator of future risk and may be subject to change over time. The lowest category does not mean risk free investment. Resulting from its exposure to the Benchmark Index, the Fund has been classified within category 7. Category 7 indicates that under normal market conditions, it is possible to suffer a sudden, severe and even complete capital loss : the value of your investment may change substantially and have large daily upside or downside variation.

Main risks not covered by the above indicator which could lead to a decrease in the net asset value of the Fund and which the Fund is authorized to disclose in this document (for more details about risks, please refer to the Risk Profile section of the prospectus):

- **Counterparty risk:** The Fund is exposed to the risk of bankruptcy, or any other type of default of the counterparty related to any trading transaction entered into by the Fund.
- **Risk of using FDI:** In order to reach its investment objective, the Fund enters into over-the-counter FDI which provide the performance of the Benchmark Index. The FDI could be affected by various risks such as change in law or tax events.
